Madras.

Sir,

The Council has employed a small establishment of 1 Inspector on Rs 20/- plus cycle allowance of Rs 5/- and 3 coolies on Rs 10/- each to look after the anti-malarial ... under the direct control and supervision of the Health Offi... During the course of audit, objection was taken by the Inspector of Local Fund Accounts (copy enclosed) that the certificate of qualifications is not appended to the bill i which payment of Rs 20/- was made to the Malarial Inspector The nature of the work that is turned out by this Inspector is that of Sanitary Maistry carrying out the daily i-tructions given by the Health Officer. This post is held by an unqualified man. No qualific t ...

by the Government for Malarial Inspector's post. In this connection Director of Public Health was addressed to accord sanction for con-tinuance of the Malarial Inspector in this office Mis: G.C.No:1520, dated 24-8-30 (copy enclosed). On audit objection, copies of replies r-ceived from him are enclosed for perusal. The Director of Public Health is of opinion that the duties of Malarial Inspector are more or less of the same nature as that of Sanitary Inspectors and Health Inspectors and such qualified Sanitary Inspectors only should be appointed. In this particular case, the work that is done is that of a Maistry. I request the Government to inform me if even for Malarial Maistries post, only qualified Sanitary Inspectors have to be appointed. The designation of the Inspector has since been changed as Maistry. On account of financial stringency the Council cannot afford to go in for a qualified man for this post who demand not less than Rs 40/- per month.

Copy of letter Mis:G.C. No.1520 dated 24-8-30 from the Chairman Municipal Council Bellary to the Director of Public Health Madras.

.....

In this Municipality Malarial Staff consisting of one Inspector on Rs 20/- plus cycle allowance of Rs5/- and (3) three coolies on Rs 10/- each is being entertained to combat Malarial and to look after the Anti-malarial work under the direct super-vision and control of the Municipal Health Officer. The Auditor during the course of audit had taken objection that only qualified Sanitary Inspector be alone appointed as Malarial Inspector and the entertainment of the present man is objectionable. The post is now being held by an unqualified man and his work is only that of a mistry to carry out the instructions issued every day by the Health Officer. The pay attached to the post is very low to attract any qualified man. An extract of item 31 of the Objection Statement for August 1929 (further remarks) is enclosed for perusal. I request you to kindly let me know whether qualified Sanitary Inspector's only be appointed for this post. If so the present Malarial Inspector may be exempted from the required quali-fications.
